Castle Garden. According to the weekly statement the

present date, amounts to 66,699 against 76,695, up to
the same date of last year. A loughly minority report

minutes returned with a verdict for defendant.

The Record Commission.—The People, ex re McSpedon & Baker, vs The Board of Supervisors. This was the return to the siternative mandames, issued to the defendants, commanding them to show cause why they should not be compelled to pay to McSpedon & Baker the sum of \$193,000 for work done under a contract, made with them by the Commissioners of Record for printing. The case has been frequently reported, and now came on before Justice linguan on a motion to quash the return to the writ, made by the respondents, on the ground of insufficiency.

The return set forth that at the time the writ was issued, the relators did not have a certificate of the Cemmissioner of Record, to the fact that they were cuttied to the sum demanded, because Mr. Commissioner Minor had not signed it; that the respondents had not the money to pay the demands and could not pay it without a new tax levy; that the relators had not carned the sum now demanded, nor the further sum, making an aggregate of \$193.000, which is claimed will be due on the contract.

This return was deemed evasive and insufficient.

The defendants are employed in the construction of a sewer in Court street. It seems that on Monday last, Mr. Vilson was standing on the edge of the excavation, and unintentionally sicked down a stone, which fell upon Berwick. The latter, it is alleged, jumped up, and unade a pass at Velson, when he (Velson) threw him down. Dothe then came up to Berwick's sid, and struck velsons. Both the accused were immediate arrested, and gave ball for trial on Wednesday. A jury trial was demanded, which resulted in the acquittal of Berwick and in the conviction of Dothe, who was fined five dollars.

the Heights, is rapidly progressing, and it will not be a great while before the excavations in that dis-trict, designated as No. 1, will have been made, and the pipes laid. Court st. and Fulton st. near their junction, have been almost impassable for some days, but the work progresses steadily, and by the end of this week or the beginning of next week, the counce-tion with the sewer at Clinton st. will be made, and the work completed.
